NETWORK PRINTERS

DocuPrint N4525

Network Laser Printer

The new DocuPrint N4525 network laser printer from Xerox (a fifth generation Fuji-Xerox engine) has been perfected to handle the toughest performance requirements of high-volume networks. Combining the industry-leading speed of 45 ppm with 1200 dpi Image Quality, it sets the benchmark for high-speed network printing.

With extensive input/output flexibility, WorkSet Technology convenience and productivity features, production-level paper handling and numerous finishing capabilities, the N4525 can meet your most challenging print demands.

Switch between up to six input sources to handle diverse or very large printing jobs. Choose from an impressive array of paper types, weights and sizes from postcard to ledger. Take advantage of options like job offsetting, collating, stapling and hole-punching for documents that are ready for distribution when you retrieve them from the tray.

exceptional performance

Industry-leading print speed of 45 ppm and a fast first page out time of 4 seconds ensures maximum productivity for the entire workgroup.

Powerful 233 MHz G3 Class RISC processor delivers even complex jobs with graphics, photos and charts fast.

Multi-set printing capabilities, with features like *Send Once, RIP Once, Print Many*, and job pipelining, streamline your work-flow. And for very large jobs, standard *Automatic Tray Switching* and *Load While Run* features enable nonstop printing.

Crisp 1200 dpi Image Quality and Xerox Quad Dot halftoning deliver razor-sharp text and photo-quality images.

Advanced graphics features like *Edge-to-Edge Printing* and *Booklet Printing* let you produce professional-looking newsletters and brochures.

Service & Support. Learn about Total Satisfaction Services℠ award-winning service and support: **www.xerox.com/officeprinting/support**

reliability and feature-packed ease of use

Incredibly flexible, the N4525 can handle the printing needs of any diverse workgroup. With standard 10/100BaseTX Ethernet, USB, bi-directional parallel (optional Token Ring, Serial and 10Base2), it works in all environments including Windows NT, Novell, Mac OS, UNIX and OS/2. True Adobe PostScript 3 and PCL5e, PCL6 emulations are standard.

The hard disk can store fonts, forms and macros, enables Secure and Proof Print features, and guarantees uninterrupted printing and collation of large multi-set jobs.

The N4525 offers a big advantage in ease-of-use and reliability. Even more, Xerox stands behind it with the unmatched Xerox Total Satisfaction Guarantee.

WorkSet Technology

The N4525 is packed with over 20 WorkSet convenience and productivity features including **Booklet Printing, Secure Print, Fax-friendly Black** and **MaiLinX** to help you get more done, faster and easier than ever before.

Xerox pioneered the Embedded Web Server, which offers you more ways to manage printers on your network using your favorite web browser.
MaiLinX e-mail alerts can be automatically sent to system administrators who can correct problems before they impact productivity.
PrinterMap enables proactive management, usage tracking and automatic reporting of all SNMP-based printers regardless of vendor.

DocuPrint N4525FN configuration includes 64MB of RAM, automatic 2-sided printing, internal hard disk, two 500 sheet trays, 2,500 sheet feeder, and 3,000 sheet finisher/stacker with stapling and hole punching.

most extensive finishing and paper handling capabilities

Feed media from 17 lb bond to 110 lb cardstock (64 to 200 gsm) in sizes from postcard to ledger. The N4525's reliable design lets you run envelopes, labels or cardstock effortlessly.

Extensive input and output options ensure maximum printing flexibility. Paper input: two standard 500 sheet paper trays 1 with size sensing, standard 50 sheet bypass feeder 2, and optional three tray 2,500 sheet feeder 3 (standard on CN and FN configurations) for high-volume capacity, and optional 100 envelope feeder (not shown).

For exceptionally fast two-sided printing, the automatic duplex module 4 is standard on all configurations except the base model.

Our most productive configuration includes a 3,000 sheet finisher/stacker 5 with collation, stapling and hole-punching to deliver jobs ready for distribution.
